Primary: Visual Impairment (VI) *

Secondary: Speech or Language Impairment (SLI)

Not Eligible for Special Education Exiting from Special Education (returned to reg. ed/no longer eligible)

Describe how student's disability affects involvement and progress in general curriculum (or for preschoolers, participation in appropriate activities) Kaleb's eligibility under Visual Impairment manifests itself with vision impairment that impacts his access to the curriculum and classroom transitions. His delays in speech and language impact access to general education and typical peers and can affect his ability to learn new skills through play.

Hearing Date: 4/17/2023 Pass Fail Other Unable to test due to student refusal. Parents report Kaleb passed the newborn hearing screening in both ears and parents have no hearing concerns.

Near Vision Date: 4/17/2023 Pass Fail Other Under care of eye specialist. Kaleb is considered legally blind and has a history persistent hyperplastic primary vitreous (PHPV) and bilateral retinal detachment with no light perception in either eye

Distance Vision Date: 4/17/2023 Pass Fail Other Under care of eye specialist. Kaleb is considered legally blind and has a history persistent hyperplastic primary vitreous (PHPV) and bilateral retinal detachment with no light perception in either eye

Preacademic/Academic/Functional Skills

Kaleb demonstrates emerging academic skills when compared to same age peers.

Classroom Readiness/Functional Skills

- *Sitting/Attending Large Group Instruction: During circle time, he was observed sitting or standing with his parent. When a song was playing, he was observed either quietly singing along or humming along to the music.*

- *Sitting/Attending Small Group Instruction: Kaleb was observed switching between sitting in a cube chair, regular preschool chair, or in parent's lap.*

- *Transitions: Kaleb was observed exploring his environment by feeling what was around him. His parent was observed trying to use the sound of their voice or tapping of their foot to guide him as he navigated around the classroom setting. His parent reports at home, he is able navigate himself independently around the house since he has become familiar with the setting and placement of furniture. Parent reports he is learning to use his cane outside to navigate. Parent's report he is ok with transitioning between activities.*

- *Ability to Focus and Attend to Tasks and Instructions: During instructional tables, he was observed exploring the materials that were presented to him. During an art project, he was observed allowing adults to support (i.e., hand over hand) him as they communicated with him about what they were doing and what he was touching.*

Compensatory Vision Skills:

Please refer to Functional Vision Report from the Teacher of the Visually Impaired for information on Kaleb's skills as a blind child.

Communication Development*Receptive/Expressive Language*

Kaleb demonstrates delays in receptive language and expressive communication in comparison with what is expected for his age. He's not yet following multi-step directions or demonstrating understanding of preschool-level concepts. Kaleb is not yet engaging in explorative, symbolic, or pretend play. Expressively, he communicates using body language, gestures, and verbal language that is often repetitive. He's not yet relying on verbal language for a variety of pragmatic purposes, responding to questions, or telling simple stories.

With deficits in receptive language, it would be expected that Kaleb will have a difficult time following classroom directions and discussions. Expressively, Kaleb will likely have difficulty expressing his needs/wants, thoughts, and participating in back-and-forth interactions with others.

Social Language/Pragmatics

Kaleb demonstrates some foundational skills related to social communication, while other expected skills are less reliable and/or reduced in frequency, range, or quality. This includes responding to his name consistently, communicating to share in an experience/interest, or engaging in turn taking activities or conversations with others. He's not yet communicating for purposes other than to get his needs/wants met or engaging in interactive games with others.

With his reduced and inconsistent pragmatics skills, Kaleb would be expected to have difficulty engaging in interactions with peers and adults across school settings.

Articulation/Phonology

In the area of articulation/phonology, Kaleb was observed to produce some age-appropriate sounds. His overall intelligibility was rated to fall within the average range.

Gross/Fine Motor Development**Gross Motor Skills:**

Please refer to physical therapy assessment for details regarding gross motor skills.

Fine Motor Skills:

- *Kaleb demonstrates appropriate fine motor skills for his age.*

Fine Motor Skills:

Kaleb was unable to participate in The Peabody Developmental Motor Scales-2nd Edition (PDMS-2) in a standardized manner due to visual impairment. Fine motor information was obtained through a combination of observation, record review, and family report.

Per interview with parents, Kaleb demonstrates the following posture/fine motor/visual motor skills:

Kaleb demonstrates the following grasping skills:

- *Kaleb will pick up goldfish snacks using a pincer grasp.*
- *Kaleb turns pages of a thick cover and thick page book.*
- *Kaleb is starting to associate shapes through touch. Kaleb was observed to correctly name a "square".*
- *Kaleb will reach forward with both hands when told there is an item in front of him.*
- *Kaleb will feel walls to familiarize himself with his environment. Kaleb is very independent and is familiar with each room in their home.*
- *Kaleb has not shown an interest in picking up a crayon.*
- *Kaleb loves toys with music. He has a gong toy at home that he will hold with one hand and play with the other.*
- *Kaleb knows left vs right. He has been participating in activities with songs that differentiate left from right.*
- *Kaleb can use a utensil (spoon) with assistance to guide where food is.*
- *Kaleb enjoys bouncing on a ball with assistance from parent*

Observations:

- *Hand dominance: No clear hand dominance noted.*
- *Isolation of index finger: Able to isolate index finger with left hand.*
- *Crossing midline: Able to cross midline.*
- *Bilateral Coordination: Stabilizes objects with helper hand (e.g., pulling string on toy, attempting to remove a bottle cap), transfers items between hands*

Sensory Processing: Throughout the assessment week, there were no behaviors that appear to be sensory based.

Social Emotional/Behavioral**Play and Social Skills**

Play with Objects: Kaleb was observed exploring the play materials in the classroom during the assessment week. He was observed banging on pots and pans, interacting with sensory balls, manipulating musical instruments, and pushing buttons on an interactive sound toy. His parents report he likes to play with toys that make sounds, pop its, fidget toys, drums, and the wheels on his large monster truck toy. His parent reports that when he is playing with his toys, he is playing with them functionally.

Social Play: During the assessment week, he was not observed interacting with peers but was observed allowing peers to be near him as he played. Parent reports he will usually play on his own but will explore the nursery setting at Church but not interact with peers. Parents report

he is ok with peers sitting close by and are working with him on interacting with peers.

Social Emotional/Behavioral

- *Behavior Specific Concerns: Kaleb did not exhibit any excessive behaviors in the classroom throughout the week. His parent reports that they do not have any behavioral concerns currently.*
- *Area of Strength: Kaleb showed some emerging classroom readiness skills throughout the assessment week.*

Vocational

Kaleb is not of vocational age.

Adaptive/Daily Living Skills

- *Toileting: Kaleb is not yet toilet trained and communicates that his diaper is soiled by saying "need wash".*
- *Feeding: Kaleb uses his fingers to feed himself dry finger foods and parents feed him when utensils are needed. Parent reports he is able hold a spoon. Kaleb is able to drink from a sippy cup and a plastic water bottle with support.*
- *Dressing/Undressing: Kaleb can cooperate in the dressing and undressing routine.*

Parents reported that Kaleb may gulp air which leaves him feeling as if he is going to vomit. He is getting better at releasing the air on his own by burping.

Orientation & Mobility Skills:

Please refer to the Orientation & Mobility (O&M) report for information on Kaleb's O&M skills.

Health

The health review for Kaleb Xiong was completed with a review of records, in-person interview with parents on 04/17/23, and in-person health screenings.

Hearing: Unable to test due to refusal. Parents have no concerns for Kaleb's hearing and report Kaleb passed the newborn hearing screening in both ears. No history of ear infections reported.

Vision: Kaleb is under the care of an eye specialist and is considered legally blind. Kaleb follows-up with the vision specialist through Kaiser every 6 months-1 year.

Physician: Dr. Stephanie Yee-Guardino at Kaiser Last appointment: 09/06/22

Dental appointment: Parents report Kaleb has not had his first dental appointment. Recommend for parents to schedule Kaleb's first dental appointment and local pediatric dentist list provided to parents

Immunizations: Up to date. DTaP, Polio, MMR, Varicella boosters due prior to TK/Kindergarten

Allergies: None reported

Medications: Topical cream as needed for eczema

Developmental Milestones

Motor: Rolled over: 5 months; Sat alone: 5-6 months; Crawled: 7-8 months; Walked: 11 months

Speech and communication: Single words: 1 year old; 2-word phrases: 1 ½ years old; Sentences: 2 years old

Developmental concerns: Social skills, adapting to new environments

Health Review: Parents report Kaleb is in excellent overall health. Parents state Kaleb's medical history includes vision impairment (legally blind in both eyes) and eczema. At 6-7 weeks of age, parents noted Kaleb had eye discoloration, pupil abnormalities, tearing to left eye, light sensitivity, and eye tracking concerns. Kaleb was referred to UCSF eye specialists and was diagnosed with congenital retinal detachment with persistent hyperplastic primary vitreous. PHPV is a congenital developmental disorder that occurs when the blood supplying structures present during the development of the eye fail to regress as they should. The resulting structural abnormalities can lead to impairment of vision. Kaleb has undergone four eye surgeries with the first one at 3 months of age. Kaleb has a history of eczema and uses a topical cream as needed for exacerbations. Parents report Kaleb is a selective eater and will feed himself dry foods such as cereal, rice, cookies, apples, and chips. Kaleb does not like to touch moist foods and needs assistance with eating soft/moist foods.

Parents report the following complications during the pregnancy with Kaleb: high blood pressure, pre-eclampsia, labetalol prescribed to treat high blood pressure, and x-rays at 20 weeks. Kaleb was delivered full-term via cesarean weighing 6 lb 12 oz. Placental abruption occurred during delivery (placental abruption is a serious condition in which the placenta separates from the wall of the uterus before birth). Kaleb was discharged home after a 3-day hospital stay.

Kaleb is up to date on immunizations and physical exams.

Recommendations from the School Nurse:

Continue routine physical/eye examinations and schedule first dental appointment

Inform school if any updates or changes in health

School staff working with Kaleb to be aware of his condition and provide assistance as needed

School staff to provide close supervision

School staff to follow recommendations per district vision specialists

SPECIAL FACTORS**

Student Name: Xiong, Kaleb

Birthdate: 3/13/2020

IEP Date: 5/9/2023

Does the student require assistive technology devices and/or services? Yes No

Rationale: Team does not believe Kaleb needs assistive technology or services related to assistive technology at this time.

Does the student require low incidence services, equipment and/or materials to meet educational goals? Yes No
(If yes, specify) Kaleb requires services from a teacher of the Visually Impaired and an Orientation & Mobility specialist as well as one on one support. He also requires braille materials and a braille writer as well as products from the American Printing House for the Blind (APH).

Considerations if the student is blind or visually impaired: Services from the Visual Impairment program staff during his hours in preschool. He should be provided with access to materials shown to the class in a group setting or a separate set of materials to look at. It is also recommended that he be given increased processing time to allow time to "see" things part by part. He would benefit from a tactually marked carpet square. Braille labels should be placed around the room to encourage Kaleb's curiosity and support his pre-reading skills.

Considerations if the student is deaf or hard of hearing: Kaleb is not considered to be deaf or hard of hearing.

If the student is an English Learner, complete the following section:

1. **All students who are English Learners must receive Comprehensive English Language Development (ELD) (designated and Integrated ELD instruction) as part of their core instructional program, based on assessed English language proficiency.**

a. **Does the student need primary language supports during integrated ELD (across content areas)?** Yes No

If yes, please select:

- Oral clarification of directions in the primary language
- Illustrated glossaries in primary language
- Graphic organizer with key concepts translated to primary language
- Pair key text/words translated to primary language with visuals
- Pair key text/words translated to primary language
- Provide definitions in primary language in context of lesson
- Frontloading using primary language, to bridge new learning to previous knowledge
- Teach relationships between concepts in primary language
- Conduct frequent comprehension checks, allow for student response in primary language
- Bilingual dictionary
- Glossaries in primary language
- Other:

b. **Where will the student receive Designated ELD?** General Education Special Education

2. **The student who is an English Learner is currently participating in:**

Structured English Immersion (SEI) or Other, parent selected multilingual/language acquisition program

Comments:

Does student's behavior impede learning of self or others? Yes No (describe)

If yes, specify positive behavior interventions, strategies, and supports:

Offer of FAPE - SERVICE

Student Name: Xiong, Kaleb

Birthdate: 3/13/2020

IEP Date: 5/9/2023

The service options that were considered by the IEP team (List all): Team discussed individual and small group instruction in a specialized preschool program, access to braille, tactile graphics, a braille writer, Occupational Therapy supports, Speech/Language supports, supports from the teacher of the visually impaired (vision services and orientation and mobility services), specialized equipment, additional adult support, access to typical peers, direct instruction on social skills, Extended School Year services, and transportation services.

In selecting LRE, describe the consideration given to any potential harmful effect on the child or on the quality of services that he or she needs: Team agrees that Kaleb requires a specialized preschool placement to address his unique needs. District recommends the Level 2 Preschool. IEP Team reviewed/considered the potential harmful effects of the recommended LRE and determined that the student would have reduced interactions with typical peers and may not be attending their school of residence. However, benefits of this placement (taught by a credentialed special education teacher, low staff to student ratio, specialized curriculum, individualized goals, and pacing) far outweigh any potential harmful effects.

As soon as practicable following the determination that instruction or services, or both, cannot be provided either at the school or in person for more than 10 days due to a qualifying state of emergency, the parent will be notified as to the specific means by which the student's IEP will be provided, in light of the emergency circumstances present at that time. Public health orders shall be taken into account in implementing the emergency conditions provision. The IEP will be provided by alternative means as necessitated during the period of emergency conditions, only.

Comments above do not constitute a change to the District's offer of FAPE or IEP. Because the nature of any future emergency cannot be known in advance, the specific means by which the IEP shall be provided in a future emergency will be determined at the time, in light of the circumstances. The emergency service options will not be implemented if they are inconsistent with a public health order or directive, are inconsistent with the school's emergency preparedness procedures, and/or would interfere with the health and safety of students or staff during emergency conditions.

IEP TEAM MEETING NOTES**

Student Name: Xiong, Kaleb

Birthdate: 3/13/2020

IEP Date: 5/9/2023

Date Saved: 5/9/2023

Notes: *This is an initial IEP meeting to discuss eligibility for special education and to discuss the results of the recent assessments. The Team agreed to meet virtually via Zoom. Team members present include: Yang and Mary Xiong (Parents), Jennifer Lipsky (Program Specialist), Yvette Paredes (School Psychologist), Jena Freeman (Special Education Teacher), Megan Sils (General Education Teacher), Francis Fernandez (Occupational Therapist), Chris Peterson (Teacher of the Visually Impaired), Marianne Richardson (Speech/Language Pathologist), and Cindy Cherry (SCOE).*

The Procedural Safeguards and EGUSD Parent Special Education Handbook were presented at the meeting and provided via email prior to the meeting. Parents had no questions regarding the Safeguards.

An excusal form was provided for Cindy Ludwig (school nurse) who was unable to attend the meeting. Written input was given prior to the meeting and is included in the reports. Parent was in agreement to hold the meeting without her in attendance.

A draft copy of the Interdisciplinary Assessment report and the Vision report were provided to Parent prior to the meeting for review. Parent indicated they had an opportunity to review the reports and had a few questions about the interdisciplinary assessment report. Parents noted that the IEP date was not correct. Parents also indicated that Kaleb has three cousins who are on the Autism spectrum. Both of these errors will be corrected and Parents will be provided with a final copy. In addition, Parents noted that Kaleb will gulp air and tries to burp it out.

Team discussed Kaleb's strengths/preferences/interests and Parent concerns, which include separating from Parents and making friends at school. Present levels were briefly reviewed, and it was explained that the information included in each section had been lifted from the initial assessment reports.

Proposed goals in the areas of Pre-Reading, Pre-Braille, Indoor Orientation and Mobility, Care Cane and Use, Stair Navigation, and Communication Development (Pragmatic Language, Receptive Language, and Expressive Language) were shared with the Team. District explained that the goals will be in effect for one year and also reviewed different elements of the Goals page, such as the baseline, annual goal, and short term objectives. Parents and SCOE agree that the goals are appropriate to meet Kaleb's needs.

Accommodations, additional supports, and special education services were considered and reviewed. It was recommended that Kaleb have access to Braille within the classroom setting, not only for reading stories but for items posted on the walls. A braille writer will also be available in the classroom. Parent asked if a braille writer would also be provided at home, and Teacher of the Visually Impaired confirmed that the Braille writer and Braille paper would be provided to the family.

Team discussed services and placement. General education was considered. Preschool placement continuum was reviewed with the Team. The District recommends that Kaleb participate in the Level 2 inclusive preschool program. This setting focuses on fine motor and pre-academics, social and pretend play, turn taking and sharing, conversational speech, and increasing independence with daily living skills and classroom transitions, all in an inclusive preschool classroom that provides access to typical peers for the entire educational week.

Additional supports include the integrated model for speech/language therapy, which involves providing supports through a push in model where the therapist supports Kaleb in progressing towards his goals and also allows for support to be provided to classroom staff to support Kaleb even when the speech/language therapist is not in the classroom.

The specific school site, teacher, and bell times were shared with Parents. Parents were also notified that there are other students on site who have visual impairments. A Meet and Greet event was offered to the Parents before Kaleb begins attending school.

Parents asked about the Level 3 classroom and also asked about additional classroom support for Kaleb. The Teacher of the Visually Impaired indicated that Kaleb will have access to a full time additional para educator who can assist with classroom mobility, transitions, work activities, and following the preschool curriculum. Program Specialist shared the differences between the Level 2 and Level 3 classrooms, and Parent is in agreement that the Level 2 classroom is appropriate to meet Kaleb's needs.

The District's offer of Free Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE) consists of individual and small group instruction provided in the Level 2 inclusive preschool classroom with accommodations, modifications, services, and supports as listed on the Services page of the IEP. Parents were fully informed of the District's offer of FAPE.

All pages of the IEP were reviewed with Parent. Team reviewed Medi-Cal form and Emergency Conditions form which will both be sent home with the IEP. The District Assessment team will provide an electronic copy of the IEP via email for Parent review and signature. District fully explained the electronic signature procedure to Parent.

There were no additional questions. Meeting adjourned.
