**Offer of FAPE - SERVICE**

**Student Name:** Xiong, Kaleb

**Birthdate:** 3/13/2020

**IEP Date:** 5/9/2023

**The service options that were considered by the IEP team (List all):** Team discussed individual and small group instruction in a specialized preschool program, access to braille, tactile graphics, a braille writer, Occupational Therapy supports, Speech/Language supports, supports from the teacher of the visually impaired (vision services and orientation and mobility services), specialized equipment, additional adult support, access to typical peers, direct instruction on social skills, Extended School Year services, and transportation services.

**In selecting LRE, describe the consideration given to any potential harmful effect on the child or on the quality of services that he or she needs:** Team agrees that Kaleb requires a specialized preschool placement to address his unique needs. District recommends the Level 2 Preschool. IEP Team reviewed/considered the potential harmful effects of the recommended LRE and determined that the student would have reduced interactions with typical peers and may not be attending their school of residence. However, benefits of this placement (taught by a credentialed special education teacher, low staff to student ratio, specialized curriculum, individualized goals, and pacing) far outweigh any potential harmful effects.

**SUPPLEMENTARY AIDS & SERVICES AND OTHER SUPPORTS FOR SCHOOL PERSONNEL, OR FOR STUDENT, OR ON BEHALF OF THE STUDENT**
